Note 1: Graduate students are required to pay the base tuition and fees each semester (until graduation), as well as the basic credit fee (for the first four semesters).

Note 2: The credit fee is 3,340 NTD per credit. The calculation for the basic credit fee is as follows: credit fee per credit × (the required graduation credits for each department/division) ÷ 4.

Note 3: For international students and Mainland Chinese students at the university, the credit fee for undergraduate courses is 3,340 NTD per credit. If a student enrolls in a 0-credit course during the fall or spring semester, no fee will be charged. However, for 0-credit courses taken during the summer, the fee will be calculated based on the number of class hours, with each hour charged at the rate equivalent to 1 credit.
